SCHOOL

Walking to school in 2020/21

**WE HAVE A BIG AMBITION:
EVERY CHILD THAT CAN, WALKS TO SCHOOL**

Living Streets understands that schools face unique challenges at present, which create uncertainty for staff, pupils and parents. We are committed to helping schools adapt to changing circumstances, ensuring that everyone involved in a walk to school initiative stays safe at all times.

Walking to school remains an effective way to **reduce congestion and improve road safety** at the school gates, while increasing physical activity and benefiting pupil wellbeing. However, it is important that measures in place to protect everyone's health are observed at all times.

If you are in any way unsure how to run your walk to school initiative safely in 2020/21, please visit livingstreets.org.uk/primary-schools for more information, or contact us directly via walktoschool@livingstreets.org.uk

This leaflet is produced with vegetable-based inks and made of material from well-managed FSC®-certified forests and from recycled materials.
